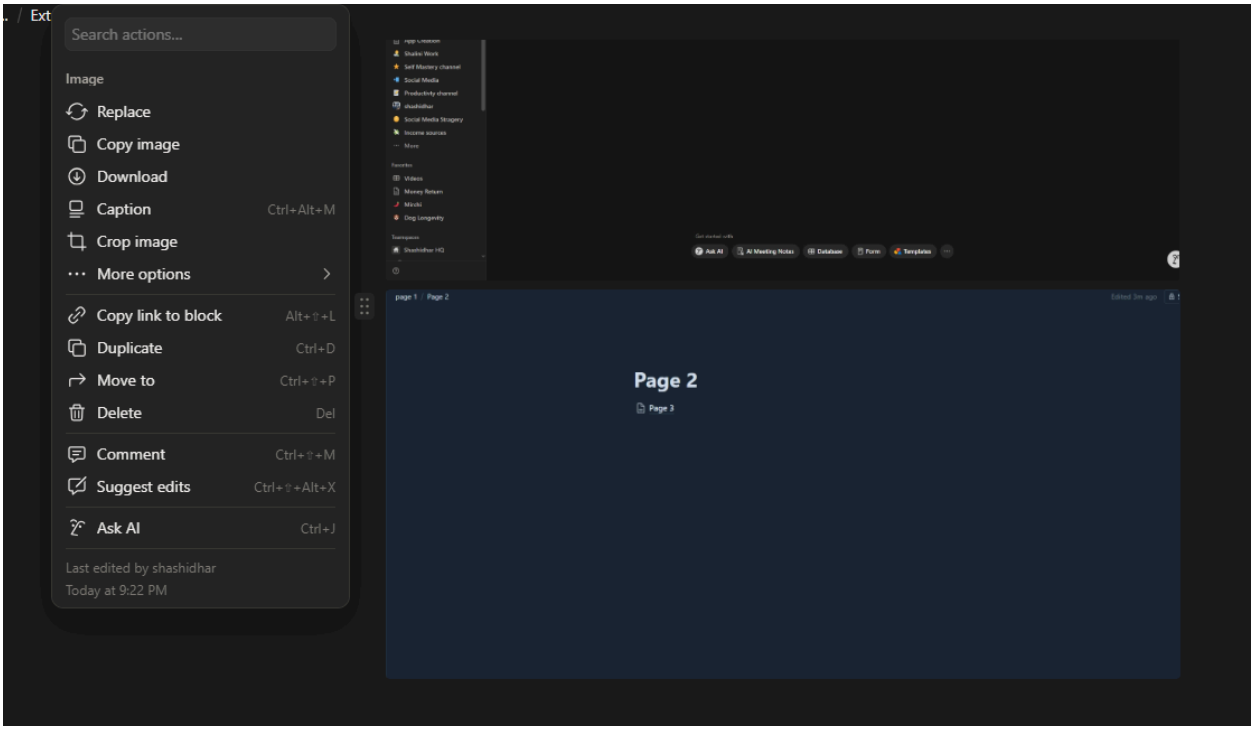
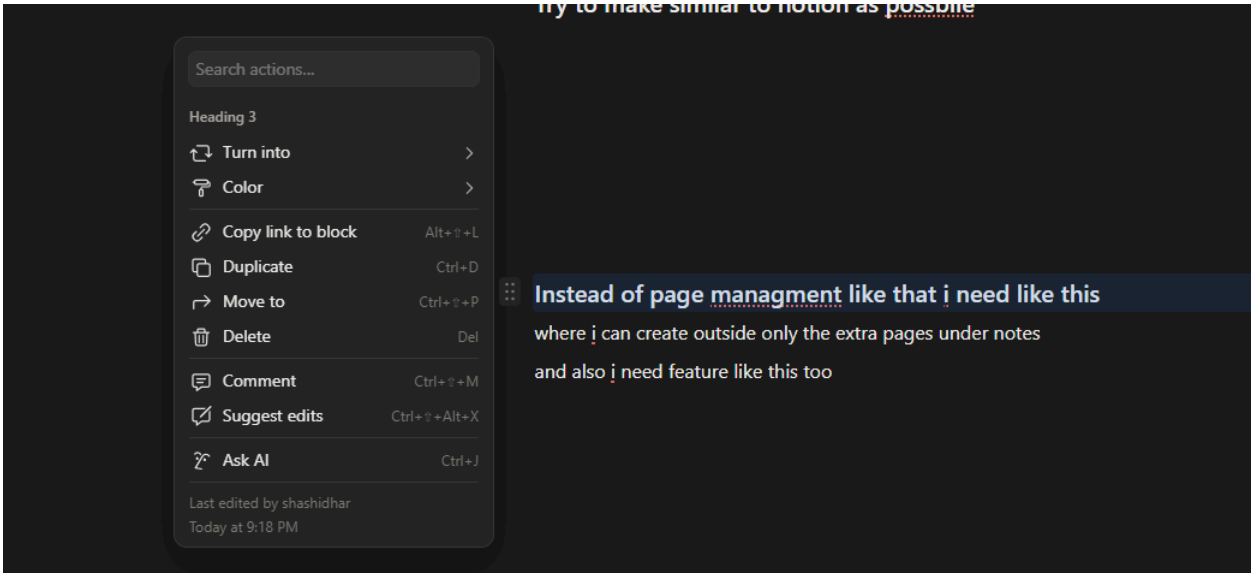
Try to make similar to notion as possbile we can make text in different ways

This option i need for everysingle thing which i add in the app





With the help of that 6 dots on which wil be infront of all and when we click that it apperas

Try to make my whole features likue everyusingle feature does notion has in pages try to create the same features in our app too like this thing which u are seeing down like all the fetaures which notion has the pages try to create that
