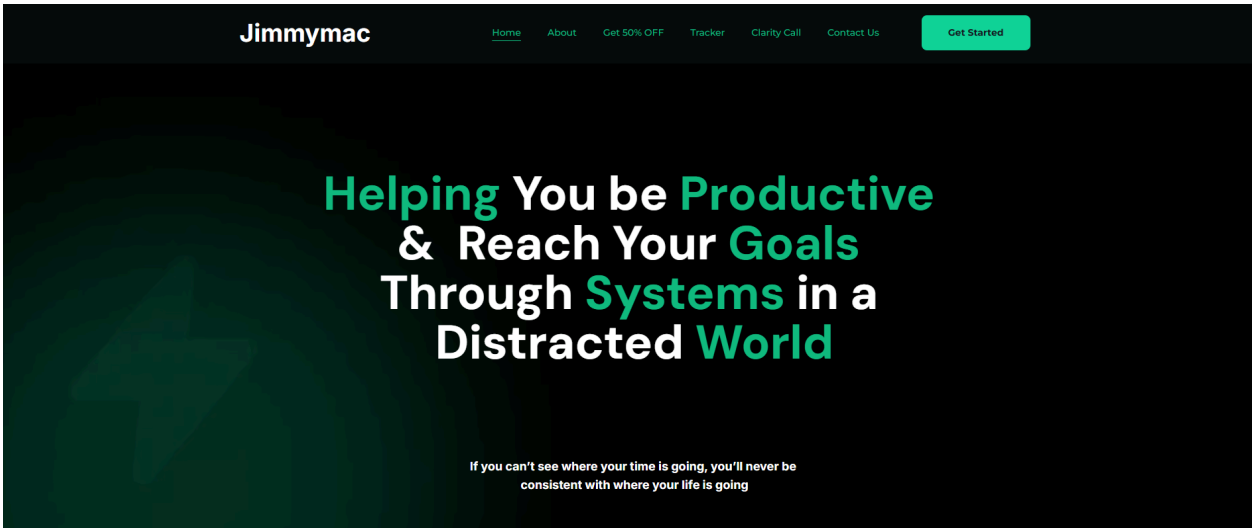
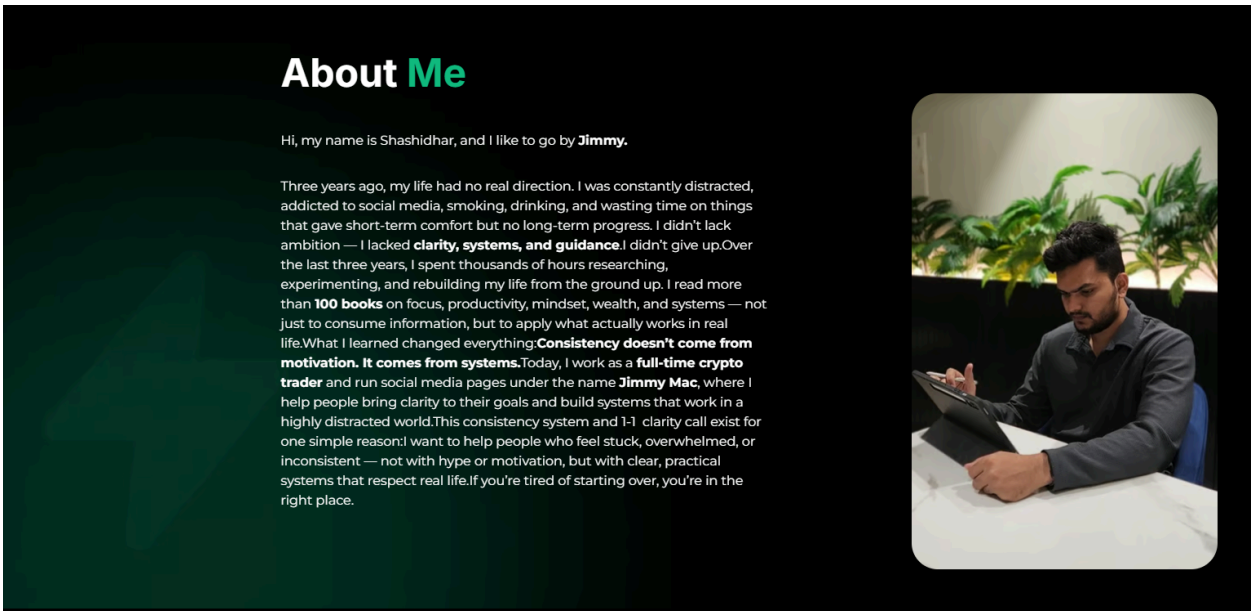
Overall Changes

1. Colour

Please make sure to Follow this colour of similar to my website

But for good habits and bad habits and tracking other para metters what colour u have used keep same but please make sure to follow my website colour rules





2. Name of APP

- Name of the app need to be consistency system

3. All the data need to be shareable

- From all the every single section and every single para meter every single data need to be sharable through link for everyone . and if they share in the sharebale link there need to our app name need to mention

4. Download progress

- They can also download the process of everything every parametter and every section process they can download
